Summer Reading Book Chat Guidelines

Summer Reading for Students Entering 6th Grade

We are excited that you will be coming to Westminster in the fall. Students are required to complete a summer reading assignment, and you will find the information below. Reading can take you to new worlds. We hope you discover wonderful places this summer.

This summer, you are to read a total of 3 books:

- a. Required book: *D'aulaires' Book of Greek Myths*. Students should check a copy out from the Upper School office prior to summer break. No substitutions are allowed. They should read the book in its entirety.
- b. One novel from the Selection Novel List - attached to this sheet.
- c. One novel of your choice, per parental approval. This novel should be a book that you have not previously read, and it should be appropriate for your reading level.

For "b" and "c", students will give a book chat on one of the books. During the first week of school, the teacher will help the student select which book will be used for a book chat. Using the verification form, parents should "sign off" that their child has completed all of the summer reading.

Students may read aloud with parents or friends and may discuss what they are reading with each other.

Students may use notes during the presentation.
