

## AP Spanish Summer 2021 assignments

Las asignaciones por el verano de AP te dará la oportunidad de acostumbrarte a leer y a escuchar en Español. Es imprescindible que practiques estas habilidades continuamente durante el verano. Espero que las opciones son bastantes divertidas y generalmente indoloro. Por favor compromete un mínimo de **20 horas** (menos de 2 horas/semana) en total durante el verano haciendo lo siguiente (y puedes hacer más si quieres :) Lo más que escuchas y lees el Español, lo más contento serías en agosto.

A. ¡A escuchar! (10-12 hours= 50-60% of your time)

1. Mira <Go! Viva tu manera> (Netflix)
2. Mira <Silvana sin Lana> (Netflix)
3. Practice con Lyricstraining.com

B. ¡A leer! (8-10 hours=40%-50% of your time)

- Lee 1-3 libros españoles de mi clase
- En agosto vas a darme un sumario básico del libro

---

**\*\*\*FIRST IF YOU HAVEN'T ALREADY, DOWNLOAD "SPANISHDICT" ON YOUR PHONE. IT IS THE QUICKEST AND EASIEST WAY TO LOOK UP WORDS WHEN YOU NEED IT.\*\*\***

### Instructions for watching Netflix programs:

- 1- Try to watch the episode in Spanish without any subtitles.
- 2- When you get totally lost, watch it with SPANISH subtitles.
- 3- If all else fails, and you can't figure something out, either look the word up in SpanishDict or turn on the English subtitles BRIEFLY

\*\*\*I know it is easier with the subtitles, but we are trying to practice listening more than reading....I know it's hard. You will not understand everything. Your goal is to understand enough to follow the story and 'enjoy' it.

### Instructions for reading books:

- 1- You do not need to look up every word, but you will probably want to look up a few on each page (SpanishDict is the quickest way to look up words with your phone). There is also a glossary in the back of most of the books.
- 2- Some of the books have a present tense version and a past tense version (depending on which side of the book you begin). I recommend the past tense to help practice the harder tenses.
- 3- I will ask you in August to give me a short summary of your book(s), so you might want to take some notes if you read it early in the summer.

### Instructions for lyricstraining.com

This is a website where you listen to songs and fill in the missing words. Of course you will need to put "Latin" in Genres so that you are practicing Spanish songs. If you are looking for ideas on which songs to try, I'd recommend Carlos Vives, Shakira, or Marc Anthony for searches (only because they are contemporary songs that you will hopefully like).
