

WESTMINSTER

CHRISTIAN ACADEMY

Summer Reading for Students Entering 1st Grade

We are excited that you will be coming to Westminster in the fall! Students are required to complete a summer reading assignment, and you will find the information below. The purpose of summer reading has always been, and even more so now, to keep young reader's minds engaged throughout the summer weeks. Come join us on our reading adventure!

Required Assignment:

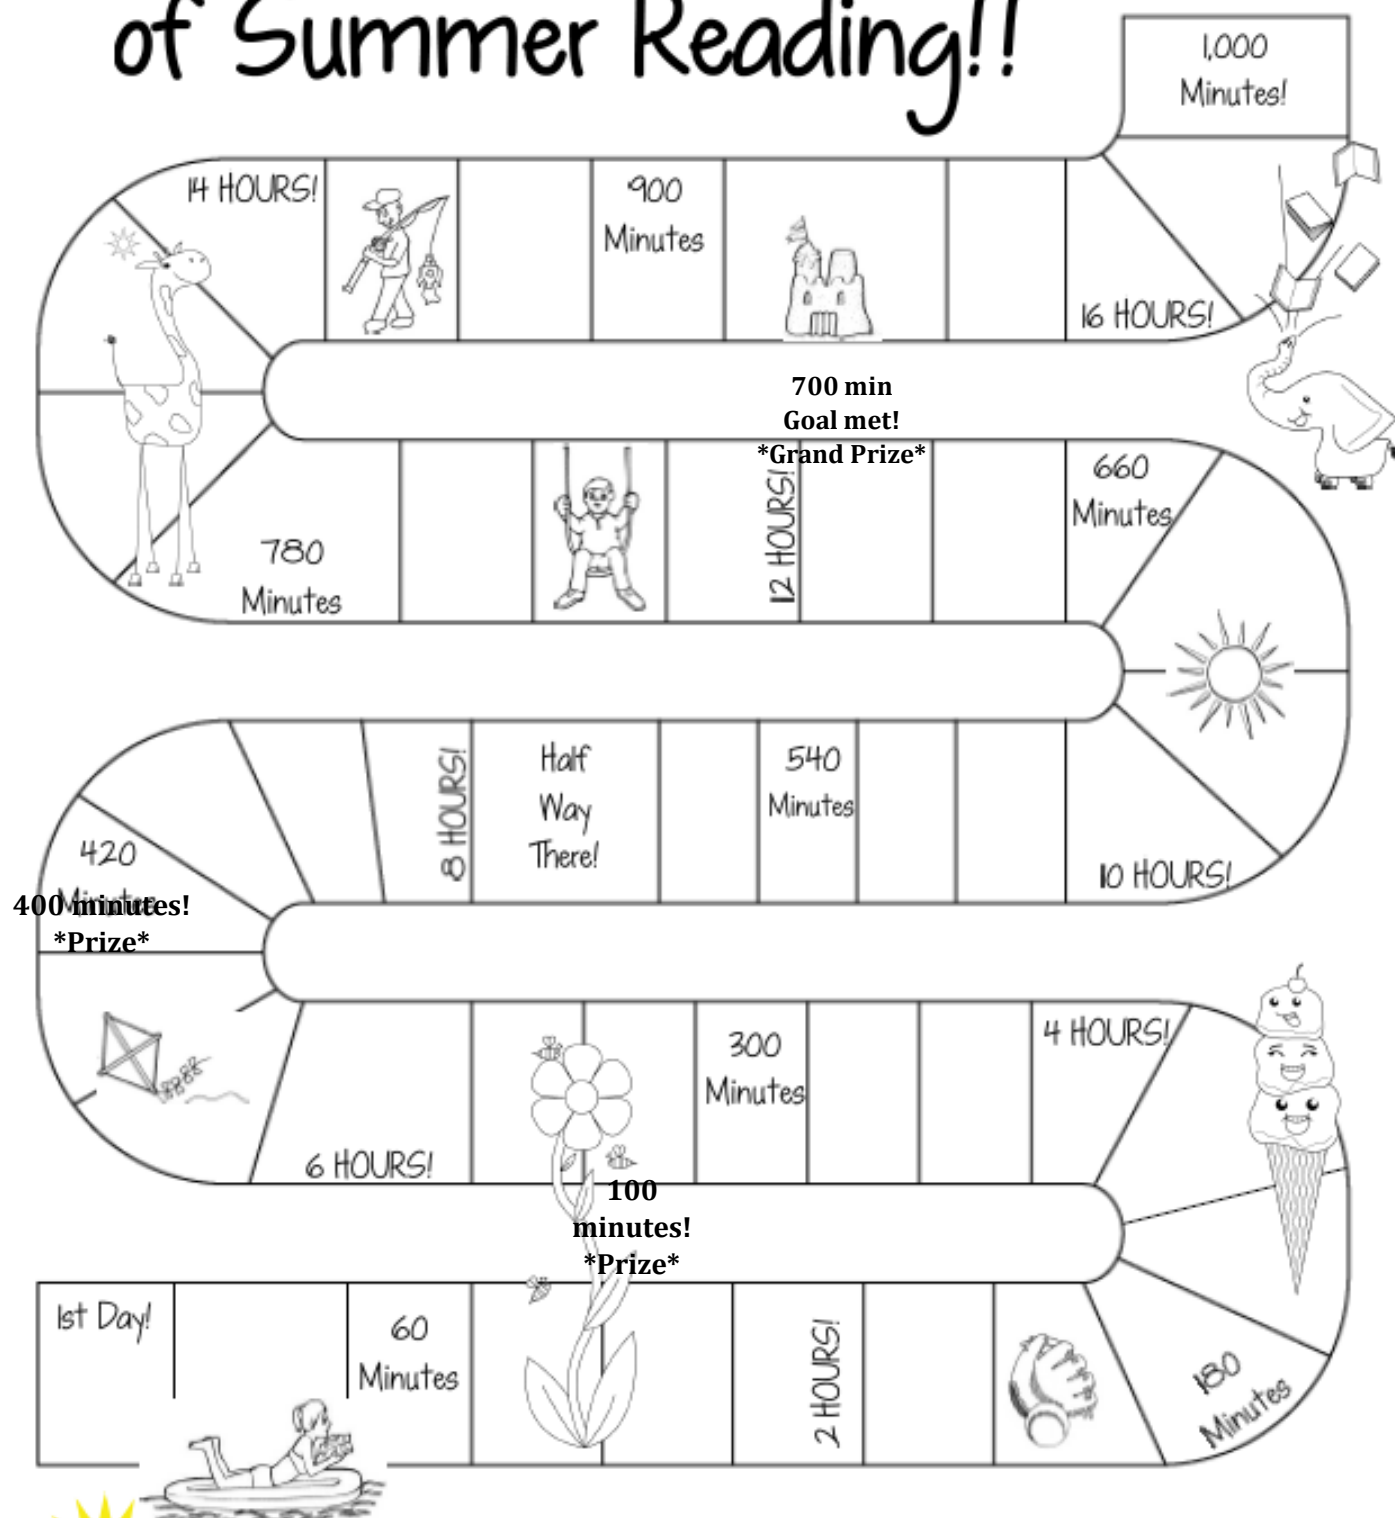

Your child should read a **minimum** of 700 minutes this summer. Please use the "1,000 Minutes of Summer Reading" form to track their reading. This form should be turned into your child's First Grade teacher on the first day of school. WCA will be offering library hours for weekly book checkout and to encourage your child's progress throughout the summer.

For current WCA students and incoming WCA students, please use this list of SUGGESTED titles to help jumpstart your summer reading.

- Picture books by various authors: Eric Carle, Laura Joffe Numeroff (If You Give A...), Norman Bridwell (Clifford), Kevin Henkes, Mo Willems, James Dean (Pete the Cat), Dr. Seuss, Nancy Shaw
- Early Chapter books: Frog and Toad, Cam Jansen, Nate the Great
- Any books from the I Can Read, Step Into Reading, Hello Reader, Ready to Read level readers (Levels 1-3)

1,000 Minutes of Summer Reading!!

Prize **WOW!**
Amazing!

My Summer Learning Calendar

Math Activities

A Note to Parents:

Happy Summer! Here are some math activities your child can do over the summer to keep him/her practicing math skills all summer long. Research shows that children usually experience some learning loss over the summer months. Having your child do a little each day will keep those skills proficient so your child is ready for first grade.

You can use the coupons and certificate attached as incentives for your child as he/she completes activities and reaches goals you have set with them. We hope you have a wonderful summer break and keep learning.

Love, the Kindergarten Teachers

My Summer Learning Calendar

Math Activities: June 2023

Monday	Tuesday	Wednesday	Thursday	Friday
			1 Make a summer schedule writing the times you will do what!	2 Count the number of people in your family. - is it even or odd?
5 Make addition and subtraction flashcards to 10. Practice!	6 Look around your house - see how many spheres you have!	7 Get a handful of coins - sort and name them, then count them to see your amount!	8 Write the numbers 1 to 30!	9 Count out loud to 120!
12 Count the number of windows and doors in your house - which is greater?	13 Count how many clouds you see in the sky!	14 How many numbers can you find around your house!	15 Count backwards from 30!	16 Measure things in your room using a pencil!
19 Draw a picture using squares, circles and triangles only - color it!	20 Play rock, paper, scissors with someone in your family - make tally marks to keep score!	21 How many different ways can you show the number 10!	22 Draw a number line 0-20. Practice hopping forward and backwards from different numbers!	23 Use pennies, nickels, dimes and quarters to show \$1.00 in different ways!
26 Take a walk with an adult - count your steps!	27 Practice addition and subtraction flashcards!	28 Make a basketball out of paper - shoot hoops into the trash can. Count how many you make!	29 Make addition problems with your toys- Some, Some More!	30 Family Game Night!

My Summer Learning Calendar

Math Activities: July 2023

Monday	Tuesday	Wednesday	Thursday	Friday
3 Make a pattern with your toys!	4 Practice addition and subtraction flashcards!	5 Grab a snack - count the pieces by 2's. How many do you have?	6 Look around the kitchen. How many cylinders can you find?	7 Count to 100 by 5's today!
10 What time did you eat breakfast, lunch and dinner!	11 Exercise - go outside and do 30 jumping jacks!	12 Find 4 things in your house that are longer than 6 inches!	13 Find things in your house that are the same shape!	14 Time how long you can jump. Do this 2 times. Compare your times!
