HI-201 FALL 2023 SUMMER WORK

This packet belongs to:

Dear Dual Enrollment Student,

Dual Enrollment United States History is a challenging adventure – I'm excited that you'll be joining us! Though the year holds countless hours of difficult work, I'm glad that you're up for the challenge.

In order to make the transition into HI-201 as easy as possible, you will have work to do over the summer. It should not take you all summer, but please do not wait until the last minute to begin the assignments. You will need to keep up with this over the next few months; be prepared to submit these on the first day of school, **Wednesday**, **August 9**, **2023**. Your work will be graded on the date of submission as well as the quality of your work. Late submission will be accepted on Thursday, August 10, 2023, for a maximum grade of 70%. After that date, submissions will not be accepted. Be sure that essay questions included in the packet are thoroughly answered using factual evidence from the text. Quality responses will consist of 6-8 grammatically correct, factual sentences. Remember that this is my first impression of your quality of work and writing abilities within a collegiate course. These responses will be collected to be graded on the first day of school. Additionally, be prepared for an assessment over this information the first full week of school. More information about these assessments will be given as we approach those dates. (You will be tested the first full week over the location of each of the fifty states, naming their capitals, and identifying other major geographic features within North America.)

If you have any questions as you work on this information, please feel free to email me at kpeavyhouse@wcalions.org. I will try my best to respond as quickly as possible. I'm looking forward to having you next year!

Katie Peavyhouse

PART 4: AMERICAN BEGINNINGS PRIMARY SOURCES

Go to www.nationalhumanitiescenter.org/pds/amerbegin/index.htm

You are responsible for the information contained in the Contact, Exploration, Settlement, Permanence, and Power sections of this website. Click on each section title to visit different primary sources for each topic. (Feel free to use other resources if you need clarification.)

After reading through the various sources, respond to the following questions. Responses **must** be written in complete sentences. <u>Each response should begin with a well-written thesis statement that defines the time period followed by supporting information.</u> (A quality response would be 4-5 sentences.) Be sure that you use actual facts (people, places, events), not fluff.
